Library Card Requirements

ADULTS: (18+)

To register, a patron shall present a current, valid Michigan Driver's License, Michigan Identification Card, or Resident Alien Card documenting identity and current street address.

If this requirement can not be met then a credible photographic identification must be used to establish the person's correct, current name. Credible photographic identification means identification issued by an institution that will have made a determined effort to be sure that the person pictured and named on the identification is the person they claim to be. Examples of acceptable photographic identification are employment IDs, school IDs, and out-of-state driver's licenses and passports.

IN ADDITION to a credible photographic identification, the person registering must provide one of the following to corroborate the name and establish the current street address:

1. Voter registration card;
2. Recent utility bill;
3. Hospitalization, insurance card or automobile registration;
4. Printed check;
5. Recent local property tax bill.

JUVENILES (6-18 years old):

Patrons between the ages of 6-18 may be issued library cards provided a parent or legal guardian co-signer is present at the library and willing to accept financial and supervisory responsibility for the card's use. The co-signer must meet the adult registration requirements regarding identity and current street address verification. If the co-signer has a card of their own, their account must be in good standing. If the co-signer does not reside at the same street address as the patron being registered, the co-signer's street address shall be entered as an alternative address.
